

## **Web Servant Report – October 2, 2011**

### **Northside Area of Narcotics Anonymous**

Well the website is finished with the exception of adding contacts, group pages, and clean dates. If you see anything you want to add to our site let me know and it will be added. I will continue to tweak and add graphics to our website.

We can add group contacts (email addresses for each group) and trusted servant emails to the website. These are spam proof as far as the spam bots are concerned. The way I set it up is that the email goes to the server Blue Host and is then forwarded to your personal email so no one is able to gain access to your personal email unless you send them an email using your personal email address. Is this something you want to add?

I would encourage the groups to write a description or whatever you want for your group's web page. If you have a graphic, I can add that as well. I can add speakers for speaker meeting or anything you want.

I did add clean time anniversaries on the website. So if you have members who want their clean dates listed get them to me and I will post them. I will not post last names. I would like their home group also.

ILS,

Bob T.
