

Web Servant Report – NASCONA – July 10, 2011

I have completed the Structure for the NASCONA Website. The site will be in WordPress which is an easy to learn site so anyone will be able to take over as Web Servant. If you want to see a couple of examples of NA sites built using WordPress here are two links to sites that I have built. www.hcana.org & <http://bvana.org/>. I am no longer the web servant for hcana.org, but the structure hasn't changed. As per the bvana.org site, well that is a good example of failure to communicate. I am in the process with other regional members trying to update their meetings.

Each group and subcommittee will have a web page for any NA related announcements, meeting times, and a map to your meeting. I will put anything on your page including graphics as long as it is in good taste and doesn't run anyone or organization down. We don't do that in Narcotics Anonymous. This brings me to a topic that happened at the last ASC in Conroe. I merely made the statement that James Mac had made the statement that Northside Area was backing him for RDA and that we had never discussed this in our ASC business meeting. ***I did not say that Northside Area was throwing their vote away.*** I would never do that in any service body. If my sponsor had been saying this I would have made the same statement about him. I follow the Traditions and the Concepts of Service and I will tell you that they are not left up to how you interpret them. Anyone who tells you they are is full of poop.

It is important to keep the site updated so I will ask that any updates or meeting changes be emailed to me immediately and the information will be updated as soon as I open the email. I do need a contact list of area trusted servants and GSR's. I will set up an email all@nascona.org for our area use. My contact information is as follows: email bob@briefcasebob.com and phone numbers home (call this one first) 281-719-8644 – cell 210-445-0837.

When we make the transition to Word Press it will take me about three days. The first day will have all of the links set up. I have created file folders and pages so it will only be a matter of copying and pasting.

In Selfless Service,

Bob T.
